Hi Bruce,

Thank you for managing the email transmission of the files and for preparing a CD for the Asphalto exemption files.

Can you estimate when the CD with all of the DOGGR files will be ready? Also, will there be an index of the documents or files? Even though we have been able to access the email attachments, EPA needs a single, complete compilation of the files, with the documents organized in the manner that DOGGR/DOC compiled them.

Thanks,

Brett

Brett, Here is the file originally sent as 7 of 9. The original set included the Regional Administrator's July 17 letter to the Secretaries, which inexplicably came to 20 megs as David sent it out. I removed that letter to get it under your size limit.

Today, I am putting together a cd of everything that went to USEPA, in order to satisfy a number of requests under the PRA. I will mail you a copy of the same disk, which you can use to resolve any questions about what's what.

I also have scanned another exemption file for the Asphalto exemption. That needs further processing and will come later this week.
